Mr. Webber told the Board he wanted to update them on the response from the School Department regarding the letter Attorney Sacco sent addressing pre-employment physicals. The School Department has taken the letter under advisement and come to an agreement with BID (Beth Israel Deaconess) to include a component in the pre-employment screening that will require the lifting and moving of different weights to ensure the candidates applying are physically capable to full-fill the requirements of the position. This will cost a little more money but, things look promising and, this is the response the Board was hoping for.

Mr. Ness noted that he would like to see the comparison as well.

Ms. Cherry informed that Board that she would prepare the requested report and provide to the Board before the November 2022, meeting. The 2023, Budget will be added to the November 18, 2022, agenda for the Board to vote.

Investments:

Wellington Management:

Elise Jadhav, Vice President of Investor Services, greeted the Board and mentioned that it is hard to believe an entire year has gone by since she last met with the Board. She apologized to the Board that a couple of her colleagues had to call into the meeting (via conference call) due to some glitches while attempting to log into the meeting.

Scott Chandler greeted the Board and reviewed the Opportunistic Investment Strategy.

Mr. Chandler told the Board that Opportunistic Investment seeks to find exposure to niche opportunities that are underrepresented in traditional portfolios. He noted that persistent inflation and geopolitical tensions drove the narrative on the performance front. These led to sharp equity declines and higher interest rates. Central banks are initiating rate hiking cycles and reducing the size of their balance sheets, becoming a source of market volatility. He added, there has not been a lot of places to hide.

Year-to-Date performance through September 30, 2022, was -20% vs. the Custom Benchmark at -21.6%. The One-Year performance through September 30, 2022, was -18.7% vs. the benchmark at -18.2%.

Mr. Chandler informed the Board that Scott Elliott retired in June 2022, David Barrett was added to the team, and Brian Garvey is now the Senior Managing Director.

WTC-CIF II Core Bond:

Anand Dharan greeted the Board and thanked them for the opportunity to present. He informed the Board that Alan Levine left the Firm due to his commute from New York to Boston. He added that the lead portfolio manager is Joe Marvan.

Mr. Dharan told the Board that the past twelve (12) months have been challenging for both Fixed Income and Equity Markets.

Year-to-Date performance as of September 30, 2022, was -16.14% vs Bloomberg US Aggregate Bond at -14.61%. One-Year-performance was -16.28% vs. the benchmark at -14.6%. Mr. Dharan told the Board that inflation has been very aggressive which led to Agency Mortgage-Backed Securities taking the hardest hit. Those securities in particular are sensitive to interest rates and rate volatility.

Mr. Tranghese asked if there is any news to share at the Firm level.

Ms. Jadhav stated that there are no major changes to report from the “top of the house.” The Firm is pushing ahead working on a hybrid model with flex.

Plymouth Retirement Board Meeting Minutes
October 28, 2022

Scott Chandler, Jen King, Anand Dharan, and Elise Jadhav all thank the Board and left the meeting at 9:11 a.m.

Chairman Kelly asked if the Board needed to take a vote on their Private Equity commitment for 2023.

Ms. Cherry answered in the affirmative.

Mr. Tranghese told the Board that PRIT will be in for a manager review next month. He recommended the matter be discussed then. He added that the program is basically self-funding at this point and really doing a nice job.

Ameriprise/Columbia Threadneedle

Chris Jorel, Client Portfolio Manager, from Columbia Threadneedle joined the meeting at 9:18 a.m.

Joe Dougherty, CFA, from Columbia Threadneedle joined the meeting at 9:18 a.m.

Mr. Jorel greeted the Board and thanked them for their time. He told the Board that Mark Van Howlen, Portfolio Manager, is leaving the team in March 2023, and Chris Keller, will be moving over to take on that portfolio management role. He added that from the team perspective, they are fully staffed and have no further changes to announce.

Mr. Jorel explained to the Board that the High Yield asset class has not been immune to Market volatility. This is an interest rate driven loss; rates are a primary headwind. He added that the Fund has performed well, although still in the negative, it has outperformed the benchmark.

Year-to-Date performance through September 30, 2022, was -13.9% vs. ICE BofA US High Yield, Cash Pay Constrained Index at -14.6%. The One-Year performance was -13% vs. the benchmark at -14%. Mr. Jorel told the Board that when you wrap it all up, they are pretty happy with performance.

Mr. Jorel and Mr. Dougherty thanked the Board and left the meeting at 9:35 a.m.

Black Rock:

Tre Smith, lead Relationship Manager for Black Rock, joined the meeting at 9:22 a.m.

Hanna Kim, CFA for Black Rock, joined the meeting at 9:35 a.m.

Mr. Smith greeted the Board and explained that he would touch on current markets and future outlook.

Mr. Tranghese asked if Mr. Smith or Ms. Kim would like to give the Board details of yesterday's announcement regarding the Firm's team.

Plymouth Retirement Board Meeting Minutes
October 28, 2022

Ms. Kim informed the Board that Bob Miller, Managing Director, announced he will be retiring in March 2023. Ms. Kim told the Board that she has known Mr. Miller on a personal level, as a key leader, and a mentor. He spent eleven (11) years building a team around him which will enable a seamless transition. Russell Brownback, who has already worked with Rick Rieder for years, will take his place.

Performance Year-to-Date through September 30, 2022, was -7.06% vs. Bloomberg US Agg at -14.61%. Ms. Kim informed the Board that this year is going to be quite difficult. She added that this would be a good year to “catch up.”

Mr. Tranghese noted that “short duration” was listed as a detractor on page 23 of the presentation and asked for clarification.

Ms. Kim stated that duration is one of the largest detractors, that is, duration against absolute return.

Chairman Kelley asked Ms. Kim where she sees interest rates going.

Ms. Kim stated that it is likely there will be an increase over the next couple of months. Duration is moving higher, and the Market is pricing at about 5% early next year.

The Board thanked Mr. Smith and Ms. Kim, they left the meeting at 9:50 a.m.

Mr. Tranghese told the Board that performance through September 30, 2022, was almost completely negative. He added that this is a very difficult environment.

The total Fund was at \$221,878,661, as of September 30, 2022. Performance Year-to-Date through September 30, 2022, was -15.3% vs. Plymouth Blended Benchmark at -19.3%. Mr. Tranghese told the Board that the portfolio is well diversified and still ahead of the benchmark. He added that the diversity has really helped, especially the Private Equity piece, as well as Black Rock.

Mr. Tranghese discussed allocation and suggested that the Board take \$6 Million out of the PRIT Real Estate sleeve and allocate \$3 Million to the PRIT General Fund and \$3 Million into Columbia High Yield.

Ms. Barrett asked Mr. Tranghese to clarify why he is recommending increasing Real Estate and not Private Equity.

Mr. Tranghese explained that the Real Estate Market is positive. Adding money to Private Equity at this point will take years to draw down. Historically, we sell the winner by the loser. He explained, this recommendation is being made because, due to strong relative performance, the Real Estate exposure has grown to become over target.

Motion to approve the recommendation made by Mr. Tranghese, to rebalance the Real Estate portion of the portfolio, moving \$6 Million out of the PRIT Real Estate sleeve and moving \$3 Million into the PRIT General Allocation Fund and another \$3 Million into Columbia High Yield made by Ms. Barrett; Seconded by Mr. Coughlin.

Mr. Ness asked if the deduction would be taken every month.

Ms. Cherry explained to the Board that they must vote this deduction from his retirement allowance and this new figure of excess earnings is from a different calendar than the figure the Board previously. She added that Mr. Rood's entire check will be withheld each month with the exception of Health Insurance Premiums.
